Beechwood Standard Watchmaking Bench

Model: BJBZ-145, BJBZ-128

Fixed-height professional watchmaking bench | 1450 mm / 1280 mm tabletop options

PRODUCT OVERVIEW

The Standard is a professional fixed-height beechwood workstation designed for precision watchmaking and repair. Its approx. 40 mm solid beechwood worktop provides a stable working surface, while height-adjustable armrest supports with fixed pads improve working comfort. Multiple drawer cabinets provide organized tool storage, while anti-roll grooves and a pull-out catch tray help prevent small components from being lost during daily bench work.

PRODUCT HIGHLIGHTS

- **Solid Beechwood Worktop**
  Approx. 40 mm thick for a stable working surface
- **Height-Adjustable Armrest Supports**
  Adjustable support height with fixed pads
- **Organized Storage System**
  Multiple drawers for tools and watchmaking components
- **Small-Parts Protection**
  Anti-roll grooves and pull-out catch tray
